1st July – 6th July 2012
The Netherlands
www.ibss2012.com

Watching trends

An analysis and forecast about macro trends in the international financial sector by formal bodies and renowned universities.

Learning from new ways of banking and best practices from Sustainable, Islamic, Mobile and Warehouse Banking.

Supervision & regulations

- Preparing for Basel IV and review on Basel III.
- International banking regulation and financial services authority. Perspectives from European, Eastern and American views on regulations.
- Business ethics and sustainable finance.

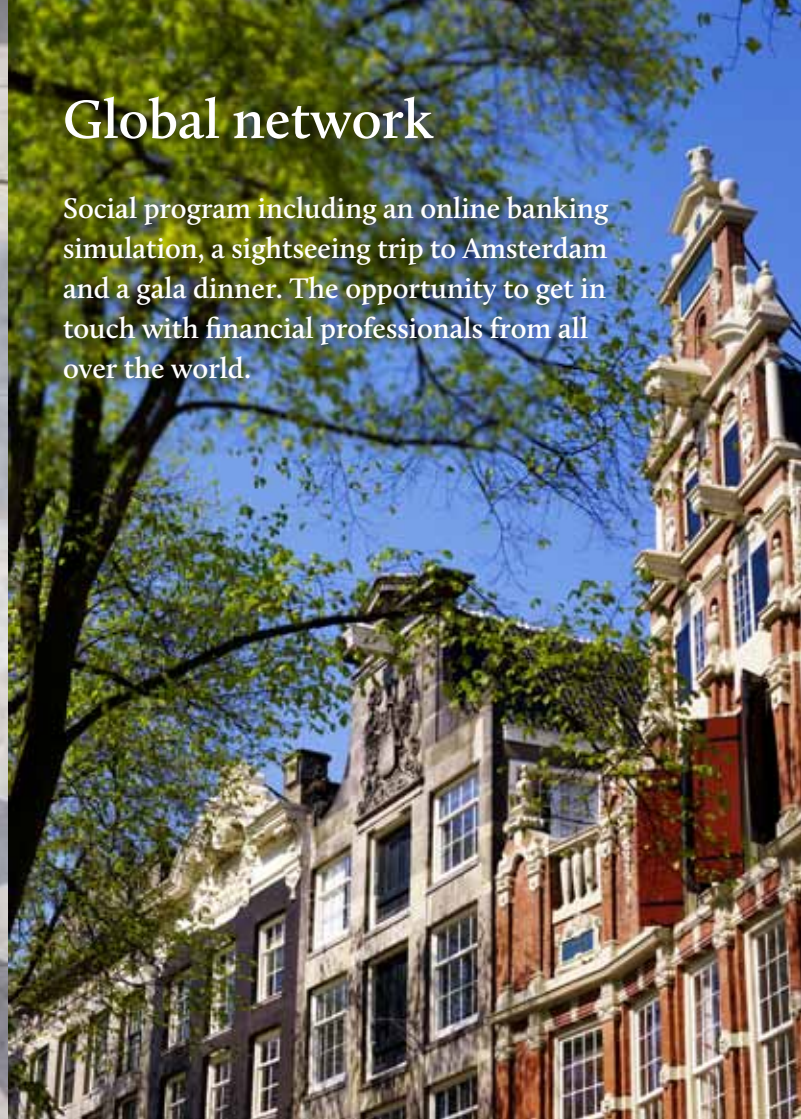

Human assets

- How to deal with the difference in needs between generation Einstein and the current financial organizations.
- Professional qualifications and life long learning to prepare for new skills and new jobs.
- Which HR lessons could bankers learn from non-bankers to improve human capital?

Global network

Social program including an online banking simulation, a sightseeing trip to Amsterdam and a gala dinner. The opportunity to get in touch with financial professionals from all over the world.

Fee includes

- online banking simulation prior to summer school!
- 5 days top-level summer school on current market themes
- 6 nights in 5 star hotel accommodation
- sightseeing and social events in the Netherlands
